Good morning.

The Republican party stands for progress.

The Republican party stands for justice to all men.

What has become of the old time colored man who used to lay in a supply of potatoes, meat and fuel for the winter?

Thirty per cent of the week's enrollment in the colored schools en tered after the first day. Is it im possible for us to be on time?

Probably it will be claimed later on that, in shipping whiskey to his customers in coffins, Mr. Gardner was only trying to show where the use of the fiery fluid finallly led its victims.

We don't hear a word this year from our Democratic friends on the subject of "the higher cost of living," though there is more to say on the subject now than ever before in the history of the country.

It must not be forgotten that Samuel Gompers is a Democrat and it must not be overlooked that President Wilson has favored him by appointing hi sson to a good job and has appointed a score or more of his special to promise to stick "for better br friends otherwise. This knowledge will serve to explain some things.

And as if this were not sufficiently ridiculous, he rant wants to serve five dollars worth added the assertion that a victory for of meals off a quarter's worth of steak. Mr. Hughes would "destroy our prosperity." If this is Jim Reed's estimate of the intelligence of the people of against the horse-laugh.

Now that Mr. Hughes, the Republican candidate, has visited Missouri ja the midst of a gracious demonstration of patriotic enthusiasm, the Republicans are well able to understand why the Democrats insist that his cam- United States. paign is a woeful failure. The Sun extends a welcome greeting to the one hundred Negro teachers who this week took up their annual task of training our boys and girls. Several specially trained teachers are upon the roster this year in addition to those who by reading and summer study have always kept abreast of educational progress. Let us set our mark high, work toward

Speaing of Col. Fred Gardner's playful habit of shipping contraband fire-water to dry districts in coffins and hollow canes, Senator E. L. Moore, of ADVERTISING RATE, 50 CENTS PER Lamar, a Democrat, said that the practice was so damnable and contemptible that no man who engages in or sanctions it should be nominated for governor of anything except hell." This is strong language, but it comes from Mr. Gardner's own political household.

> The Republicans of Missouri are this year in winning spirit and have winning numbers, but they must always keep in mind thet fact that they cannot win without getting to the polls. The best agency to a full vote is a complete and efficient organiza tion, which is only possible through general and patriotic co-operation Missouri's place in the Republican column can be made permanent this year if every believer in the cause will do his duty
